Saying of the week

A smart man makes a mistake, learns from it, and never makes that mistake again. But a wise man finds a smart man and learns from him how to avoid the mistake altogether.

Humour

I wanted to marry my English teacher when she got out of jail, but apparently you can't end a sentence with a proposition.

Installation of two picnic tables has been completed. Rod Birrell made the steel supports, had them galvanised and assembled them before delivering them to the park. Final installation was done by the Parks staff assisted by TAFE students. Noel highly recommended a visit to the Nature Reserve as many upgrades have taken place.

Guest Speaker: Michelle Fox. '5 on Me'

Michelle grew up in Melbourne and spent many happy holidays at Wyndean Holiday Park.

She has been living in Ocean Grove for 11 years as she thought a less urbanised environment would be important for her three children. The children are very keen on animals and various sporting activities, particularly tennis. Michelle trained as a teacher and is currently doing a PhD. She is investigating the integration and socialisation of children with particular emphasis on cultural aspects and skills learned in early childhood.

Gordon King tested members knowledge on Australian History and Science with a Quiz. The success rate was variable but the activity was fun and maybe some factoids were gained. Of course the real test is to remember them!
