#### **Guest Speaker: Ty Simons, President of Ocean Grove Business Association**

Ty was born in Geelong and raised in Ocean Grove. He did a B.A. in Photography but quickly moved into the Restaurant industry. He travelled and worked overseas for twelve years and then returned to Melbourne, where they had twin boys. The family wanted to move out of the City

and bought a Café in Ocean Grove. They set up Driftwood Café, first having to renovate the building. They added the Atrium and were able to expand into the back building. They feel they have moved into a community, not just a town.

Ty joined the Business Association and then became President. They have relaunched the Association with a new Committee. Their aim is to stimulate local economic growth and employment by helping small, independent businesses. There have been some recent problems with break-ins with three businesses being targeted each month. After putting in CCCTV cameras which stream back to the Police Station, there have only been two break-ins in the last two years. The Association introduced the Christmas in the Grove Festival a few years ago on the 1<sup>st</sup> Wednesday of December when they close Main Street off. They have received \$8,000 from Council to make it bigger and better this year. They are also looking

to have a Christmas in July Festival. The aim is to encourage tourists to stay in Ocean Grove / Lower Bellarine as part of their trips to western Victoria.

The Business Association partners with Ocean Grove Rotary Club and the Ocean Grove Community Association when they can. They had to stop activities during the long lockdown but is now lobbying Government to help get local businesses functioning again. They had a good January this year with business up twenty per cent over last year. The Outdoor Seating proposal was controversial. It resulted in increased membership for the Association and a larger Committee and is still being debated. Most felt it increased business and it will now be extended until April. It may come back next summer. They are hoping to have a defibrillator installed in Main Street with access all hours. They have received a \$10,000 grant to improve their social media and website communications and will be using other methods to engage the community and encourage new businesses. The Association is working with other organisations for the Entry Signage Competition mentioned earlier. It is also considering introducing a local gift card, which will be accepted by many Ocean Grove businesses rather than just for specific operations. Ty is looking forward to a good 2021.

#### Q & A

Noel reminded members that there is an App, which shows the locations and hours of Defibrillator in the area.

There has been some graffiti on local walls over the past 18 months but less recently. The Association is working with Council to stop it.

It is unlikely that there will be a permanent closure of Main Street, as some traders who feel close parking is essential for trade are against this.

It is considering extending local art on buildings and is looking for opportunities to beautify the town. Last week's surf carnival attracted a large number of visitors, maybe because as people cannot go interstate, they are looking for things to do locally.

Businesses from the other shopping centres and the industrial estate are becoming involved in the Business Association but many are slow to join. All small businesses are welcome.

Thank you from the Club for Ty's support in our Rotary projects, especially the Coffee for Bushfire Relief, the ANZAC Day packages and the Vocational Awards.

**Next Week:** Students from Bellarine Secondary College, VCE Scholarship Awards.

Some photos taken at the weekend at the District Governor's Garden Party in Geelong, raising funds for the Indigenous Literacy Program. Ann Hodgkinson, Pearl Macmillan and I (Gil Morgan) attended.

**I relabeled all of the jars in my wife's spice rack. I'm not in trouble yet....but the thyme is cumin.**

**LIFE IS SHORT, SMILE WHILE YOU STILL HAVE TEETH.**
