### Welcome back

to everybody after the Christmas break. Christmas seems a long time ago but I think we're all heaving a sigh of relief now that the traffic isn't so manic in our towns and we can get a parking spot when needed.

We enjoyed "The Dry" at Waurm Ponds - great to see Australian movies. We also enjoyed a great social evening at Brewicolo with great hamburgers to soak up the beer.

Now it's back to business and some normality in our meetings.

I saw on Phil Beasley's Facebook site that he's supporting a recycling project for all those little plastic packs that pills come in and which normally go in the bin. Have a look below and think about collecting any and sending them for recycling.

Another good one is Bread Tags for Wheelchairs. Those little flat plastic items that are used to close some varieties of bread, rolls, muffins etc can be turned into useful items and sold to provide wheelchairs for poor children in the slum areas of South Africa. I'm happy to collect them and send them into Geelong.

**Bellarine Oral History:** The Rotary Oral History website has now gone live. There are several interviews ready to be enjoyed. You can access them by going to the Rotary OG website ([rotaryoceangrove.org.au](http://rotaryoceangrove.org.au)) and following the links.

Congratulations to Ann as overall coordinator and for her loyal band of interviewers !

Finally! I've been collecting these blister packs for ages instead of chucking them into landfill, not really knowing what to do with them until now. Banish.com.au will recycle them! They accept a range of other waste streams as well. So all I need to do is post them and for my trouble they will give me a \$15 voucher to spend on their online eco store! (Limit of one per customer per month) 🍀🥰 hopefully the postage won't be too much but I'm just happy that they will be recycled. Here is the link to their website, <https://banish.com.au> then look for the the "Banish Recycling Program" hyperlink.
